Inspection Feefluctuates

The term "**BAROQUE HORSE**" refers to a body style rather than an actual breed. The breeds most commonly considered "Baroque" in type are (but are not necessarily limited to) the Andalusian and Lusitano, Lipizzans, the Friesian and Knabstrupper and more recently many of the Shire, Gypsy and Drum horses. The "baroque horse" is typically thought of as a rather heavy, short-coupled, round-bodied, thick-necked horse with an overall regal or noble appearance. In art, they are typically quite hairy horses that sport a small to moderate amount of feathering. A "baroque" horse may be purebred or partbred, and as long as the body style is correct, any color is acceptable. A "baroque" horse may be a purebred of any of these breeds or a combination of several of them. This division registers these horses.

Friesian Blood Horse Registry

REGISTRY REGULATIONS

1. Purpose

To validate the qualities of the Friesian crossbred.

2. Foundation Standards

The pedigree of the cross must be at least 25% Friesian. The lineage of the horse must be verified through DNA, which is kept on file by the Friesian Blood Horse Registry at UC-Davis or by signature of the stallion owner. DNA will be collected on all inspected horses and is required of all Sanctioned Stallions. Offspring of deceased stallions may be included with completion of affidavit.

3. Membership

Membership is annual and includes six issues of the Friesian Blood & Baroque Horse Magazine.

4. Sanctioned Breeding Stallions

All papered FPS or FPZV Friesian stallions, IALHA registered, Gypsy registered, and Iberian Warmblood registered horses are eligible to apply to the Friesian Blood Horse Registry for inclusion on the registries Sanctioned Stallions list.

1. To apply, the stallion owner must fill out an application and submit a copy of the stallion's papers.
2. Upon acceptance, the stallion owner must submit a DNA sample for the Friesian Blood Horse Registry files.
3. The stallion owner must become a member of the Friesian Blood Horse Registry and maintain their membership in good standing.
4. Accepted stallions receive a lifetime breeding certificate. A stallion must be inspected and receive a score of 7.5 or better to be eligible for the sanctioned stallion list. A rating of 2nd premie or better awarded by the KFPS is also accepted. Other criteria may also be accepted on an individual basis.
5. Accepted stallions credentials and contact information are displayed on the Friesian Blood Horse Registry website.

5. Crossbred Breeding Stallion Certification

1. The crossbred must be registered with the FBHR.
2. A stallion must be inspected and receive a score of 7.5 or better to be eligible for the sanctioned stallion list.
3. Upon acceptance, the stallion owner must submit a DNA sample for the Friesian Blood Horse registry files.
4. The stallion owner must be a member and maintain their membership in good standing.
5. Sanctioned stallions will receive a lifetime breeding certificate.
6. If a stallion owner's membership should lapse they will be required to renew their membership to have their stallions' status reinstated and once again included in the Sanctioned Stallion List.

6. Breeding Mare Qualifications

1. Any mare may qualify without prejudice.
2. Mare owner is not required to be a member of FBHR.

3. In addition, if the stallion they contract with is unable to fulfill their contract, the FBHR will provide a list of participating stallions that will fulfill the contract for the collection and shipping fees only. The facts must be established and confirmed that the situation is merited.

7. Registration Quality Levels

1. There are five quality attainment levels available through the FBHR. They include the Standard registration, 1st Premium, 2nd Premium, 3rd Premium, and Ster (star) status.
2. All horses initially receive standard registration papers.
3. All Standard registered horses must be inspected to qualify for any of the other four levels.
4. The horse can be inspected at any age. The horse may be inspected as many times as the owner desires.
5. The result of the inspection is solely the decision of the inspector.

8. Inspections

It is anticipated that we will have 4-6 inspection sites annually. It is our goal to accommodate owners based on demand and level of participation. Sites will be posted in advance on the website and in the Friesian Blood and Baroque Horse Magazine.
